Proceedings of the Government of His Highness the Maharaja of Mysore.

READ :—

The following letter, No. 49 of the 23rd August 1894, from the Superintendent, Government Gardens, Bangalore, (with two enclosures) :—

In submitting, in original, the enclosed letter from Mr. C. E. Collyer of Messrs. Thirkell and Company, London, I have the honor to suggest that copies of the same may be circulated to District and Revenue authorities, with a view to a really good consignment of silk-cotton being exported from Mysore.

2. In addition to the products named by Mr. Collyer, there are several others of a similar nature that are indigenous to the Province, of which I append a full list. But in collecting samples, or large quantities, it is imperative that the respective products should be kept quite distinct from each other. If any further information on the subject should be required, I shall endeavour to give it.

ENCLOSURE 1.

From C. E. Collyer, Esq., To J. Cameron, Esq., (or Superintendent of) Mysore Government Garden, Bangalore, dated, London, 27th July 1894.

Some years ago, you wrote to my old firm about "*Silk-cotton*" or *Mudar*—(*Calotropis gigantea*, &c.)—after long inactivity a demand has again sprung up for this material, and I should be glad to receive consignments from you or any of your correspondents—the last price paid was 5*d.* per lb. landed terms ex-warehouse, London, and at or under this price I think it will be readily saleable.

"*Sennel*" or *Tree Cotton*.

Uncleaned sells at 2*d.* to 2½*d.* per lb.

Good cleaned, up to 5*d.*

I continue, as of old, to give particular attention to all new products especially fibres, and shall be glad to report upon samples.

ENCLOSURE 2.

List of the more important indigenous plants affording silk-cotton.

<i>Botanical name.</i>	<i>Kannada name.</i>
1. <i>Calotropis gigantea</i> ...	Yekka, Yekkadagida, No. 390 in "Forest trees."
2. <i>Eriodendron anfractuosum</i> ...	Bili burga No. 61, "Forest trees."
3. <i>Bombax malabaricum</i> ...	Burga, No. 60, "Forest trees."
4. <i>Cochlospermum gossypium</i> ...	Arsina burga, No. 19, "Forest trees."
5. <i>Hoya viridiflora</i> ...	A common jungle climber having green flowers.
6. <i>Cryptostigia grandiflora</i> ...	An introduced climber. Often cultivated for its medicinal properties.

There are several other climbers and herbs yielding silk-cotton of less importance than the above.

No. 8114-24—G. 1941, DATED, BANGALORE, 20TH NOVEMBER 1894.

ORDER THEREON.—Copies of the foregoing are forwarded to Deputy Commissioners of Districts with a request that publicity may be given to the fact that a demand has again risen in the London Market for silk-cotton. The Superintendent, Government Gardens, will be requested to afford intending shippers every information which would facilitate the export of the article. These papers will also be published in the Supplement to the Government Gazette in English and Kanarese.

T. ANANDA ROW,

Chief Secretary.

J. ANANTASWAMI RAO,
for Chief Secretary

*Proceedings of the Government of His Highness the Maharaja of Mysore,
(General),—dated 30th November 1894.*

READ:—

The following letter, No. 536, dated 22nd November 1894, from the Deputy Commissioner, Mysore District, to the Chief Secretary to the Dewan of Mysore:—

I have the honor to state that some of the respectable raiyats of Palhalli, in the Seringapatam Taluk, have resolved to form an Agricultural Bank, on the lines sketched by the Dewan, in his last Dasara Speech. They met on the 18th instant, at Palhalli, and unanimously resolved to institute the Bank, and adopted the rules and memorandum of association, at the same meeting. The Proceedings embodying the same and signed by all the members, is submitted herewith.

2. There are now 16 members on the rolls, and the rules provide for lending not more than Rs. 1,000 to each member. The entrance fee has been fixed at a nominal amount, viz. 4 Annas. The rates of interest fixed are Rs. 7 per cent per annum for loans not exceeding Rs. 100 and 6 per cent for larger sums, to be recovered at the time of repayment. In other respects, the rules are the same as those contained in the Kanarese draft rules circulated with the Dasara address. The Amildar reports that the members are respectable and solvent, and that a sum of Rs. 16,000 may be lent to them without any risk.

3. I beg that the Proceedings may be forwarded to the Registrar of Joint Stock Companies for registration, and that sanction may be accorded to the institution of the Bank, and to the Advancing to the Bank by Government, from time to time, sums of money not exceeding in the aggregate Rs. 16,000 at any time.

4. I further request that the Government will be pleased to grant the concessions promised in the Address, for the remission of stamp, registration, and other dues, and for periodical audit by Government servants.

Proceedings of a meeting held on the 18th November 1894, at Palhalli Village, Seringapatam Taluk, for the establishment of an Agricultural Bank at Palhalli, in conformity with the rules published in the Mysore Gazette, as per scheme proposed on the subject by the Dewan at this year's Dasara Meeting.
